

## DOCTOR SAVES A BLACKSMITH

Some time ago I was taken with kidney trouble which caused me to give up my work as blacksmith. I lost my appetite and could not sleep, from the dreadful pains that would come over me, from my kidneys. I was treated by a physician for about three months. He could not help me so finally he prescribed Dr. Kilmer's Swamp-Root. I started taking the first bottle I began to eat and sleep better than I had in a long time. I continued to take same until I was entirely cured and took on considerable weight.

I am now back working at my trade again and never felt better in my life. I appreciate what Swamp-Root has done for me and will recommend it to anyone who suffers with their kidneys. When physicians fail to give relief and then prescribe Swamp-Root, they sure know of its merits. I am,

Very truly yours,

S. A. HALE,

Henrietta, N. Y.

State of New York ss, County of Monroe.

S. A. Hale, of Henrietta, N. Y., being duly sworn deposes and says that he is the person who wrote the foregoing testimonial letter to Dr. Kilmer & Co., and knows the facts stated therein to be true.

Subscribed and sworn to before me this 20th day of July, 1909.

Morris T. Garfin,

Notary Public

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y. for a sample size bottle. It will convince anyone.

You will also receive a booklet of valuable information, telling about the kidneys and bladder.

When writing, be sure and mention the Newark Daily Advocate. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

## 3.048 MILES OF PAVING IN 1915 ON 15 STREETS

More than three miles of street paving was put down on the fifteen streets paved in the year 1915 according to a report from City Engineer Wells to Service Director Christen submitted this morning. The exact amount in 1915 being 3.048 miles. In the same period more than a mile was added to the sewer system of the city and nearly a mile of sidewalks.

To the water system of the city were added 61 miles of mains and six new hydrants installed. The following comparative statistics are given as a part of the report:

Year.	Paving Miles.	Sewer Miles.	Sidewalk Miles.	Water Mains Miles.	Hydrants Installed.
1915	3.048	1.114	0.810	61.000	6

FRENCH REPORT

BLOODY DUELS OF ARTILLERY

Paris, Jan. 3.—(Vla.) London.—11 59 p. m.—(Delayed)—The war office tonight gave out the following statement:

"In Belgium our artillery continued its activity. Its batteries together with the Belgian artillery carried out a bombardment which seemed to be effective against a battery of the enemy stationed to the east of St. Georges."

"South of the Somme we bombarded the German first-line trenches near Nonpette. A supply train which came under our fire in the region of Hallu south of Launies was scattered."

"In Champagne a fresh attack with grenade duelled against our positions to the West of Tahure."

"In the Vosges there has been an artillery duel of great intensity in the sector of Hirzstein."

TURKISH REPORT.

Constantinople, Jan. 3.—(Vla.) London, Jan. 4.—(Delayed)—The Turkish war office tonight gave out the following statement:

"On the Dardanelles front there have been heavy battles with bombs thrown on both sides and a temporary artillery duel along the whole line. A hostile cruise and a monitor retreated after a temporary bombardment of our positions."

RUSSIAN REPORT.

Petrograd, Jan. 3.—(Vla.) London, Jan. 4.—(Delayed)—A statement given out by the Russian war office tonight says:

"In the direction of Hamadan (Persia), southwest of the town of Asadabad, we attacked a body of 500 Persian gendarmes and drove them back toward the village of Chena north of Kangawar, killing dozens of rebels and capturing prisoners and supplies. We suffered no losses."

ANOTHER BONE FROM HAND OF FRITZ KUSSMAUL

Fritz Kussmaul, city inspector of public works, this morning underwent another operation for the removal of a part of the bone of the middle finger of the right hand, which was crushed in an accident several weeks ago at the waterworks plant. In the first operation the ring and little finger were removed but at the time surgeons thought the middle finger could be saved. The injury to the left hand has completely healed.

Dr. Essington performed the operation this morning.

Kussmaul was climbing from an excavation at the waterworks plant inspecting the work of the filtration caissons as he placed his hands on the edge of the caisson, constructed to prevent a chain, the tripod of a derrick fell, crushing his hands.

GREAT CROWDS ARE JOINING MONEY CLUBS

That the Christmas Money Club idea has met with the approval of the public is shown by the great crowds which daily throng the two banks, the Newark Trust company and the Home Building Association during the past week, opening membership accounts for the coming year.

The Home Building Association club members numbered over 4000 last year and already the number has been greatly increased and that the club has taught the lesson intended, of the conservation of small amounts, is shown by the increase in the amounts deposited. Where last year the majority of depositors chose the smaller amounts, this year the majority will be for the deposit of the larger amounts, and indications are that at the close of 1916 the amount of the checks sent out will be greatly increased.

At the Newark Trust company the memberships have greatly increased this year, and many of them are for the larger amounts.

If Too Fat Get

More Fresh Air

BE MODERATE IN YOUR DIET AND REPLACE YOUR WEIGHT WITH OIL OF KOLIN.

Lack of fresh air weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby.

The heart action becomes weak. Work is an effort, and the beauty of the face is destroyed.

Put on the motor life is unhealthy, and it is not ascertained that throwing it off by increasing the oxygen-carrying power of the blood, a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air. Breathe deeply, and let your lungs digest a box of oil of kolin capsules—take one after each meal and one before retiring at night.

Which yourself every few days and keep up the treatment until you are down to normal. Oil of kolin is absolutely harmless, is pleasant to take, helps the digestion and is designed to increase the oxygen-carrying power of the blood.

Even a few days' treatment should show a noticeable reduction in weight. There is nothing better than W. A. Ermin and Evans Drug Store can supply you.

BROKER KILLED

IN FIGHT OVER

A TAXICAB BILL

(Associated Press Telegrams)

Cleveland, Jan. 4.—John H. Brown, shipping broker, was killed early today on the street here in a fight growing out of a dispute over a taxicab bill according to police.

Who are holding John H. Santini, 25, chauffeur, on a charge of manslaughter. The broker claims self-defense. Police say Brown tendered a check in payment of a bill and the chauffeur refused it, but later agreed to take Brown to the office of the taxicab company where the validity of the check could be determined. At the taxicab office, police say, 50 cents was added to the bill to cover the cost of carrying Brown to that point from a restaurant where the bill was first presented. Brown refused to pay the extra 50 cents and an argument ensued which was continued later in the street. Brown was struck on the jaw, fell to the sidewalk, fractured his skull and died in an ambulance on the way to a hospital. Brown is survived by a widow and two children.

How To Eradicate All Superfluous Hair

Advice By A Skin Specialist

The best means I have ever found for removing all signs of disfiguring growths of hair on the face, neck, arms, or hands, is a new preparation called Mrs. Osgood's Wonder.

I have recommended it in thousands of cases and I know personally of its ability to banish every hair forever. It cannot injure the skin or complexion and is quite inexpensive.

You can get Mrs. Osgood's Wonder from T. J. Evans or any up-to-date druggist. Signed Money-Back Guarantee with every package. Do not apply this treatment except where total destruction of hair is desired.

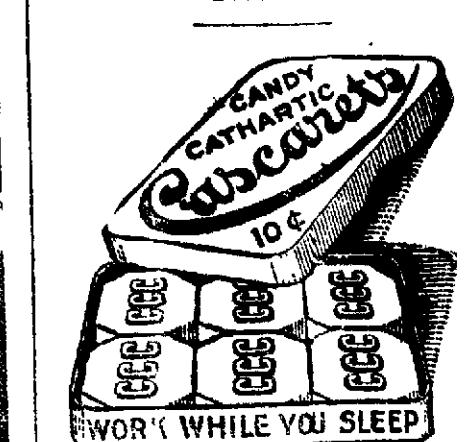

NEW REVISION BOARD.

Toledo, O., Jan. 4.—The new Lucas county board of tax revision will be William F. Malone, Sylvester Strohl, Democrats, and General W. V. McViken, Republican, if the state tax commission approves, within ten days, this selection made today by local officials. Otherwise the state commission will make the appointments.

## BEST LIVER AND BOWEL LAXATIVE FOR FAMILY USE

"CASCARETS" REGULATE WOMEN, MEN AND CHILDREN WITHOUT INJURY.

TAKE WHEN BILIOUS, HEAD-ACHY, BAD BREATH, SOUR STOMACH.

Instead of nasty harsh pills, salts, castor oil or dangerous calomel, why don't you keep Cascarets handy in your home? Cascarets act on the liver and thirty feel of bowels so gently you don't realize you have taken a cathartic, but they act thoroughly and can be depended upon when a good liver and bowel cleansing is necessary—this move the bile and poison from the bowels without griping and sweeten the stomach. You eat one or two at night like candy and you wake up feeling fine, the headache, biliousness, bad breath, coated tongue, sour stomach, constipation or bad old disappears. Mothers should give Cascarets to their children a whole Cascarets any time—they are harmless and safe for the little folks.

Granville

(Special to the Advocate)

Granville, Jan. 4.—The meetings of the travelers' and discontinued during the Christmas holidays were resumed on January 3, 1916, the somewhat misleading designation in the Year Book of Business Meetings. It was found that more than 100 members of the club were present and the meeting was a very successful one.

The annual election of officers usually a tedious and perfunctory performance, was dispensed with this time and the members of the club were asked to elect a new president and a new secretary.

# A WORD TO FATHER

You like to be generous with the wife and kiddies at Christmas time.

But along comes the coal bill, bills for a lot of winter clothes and tax time stares you in the face. The long and short of it is you are "hard-up."

So you tell mother to "Go a little slow on this Christmas business this year." And next year will be the same, you know it will.

Maybe you just pull a long face and stand for the expenses and wonder how you will pay all the bills in January.

Either way you meet it, the situation is a tragedy.

Mighty little you know about the real Spirit of Christmas. And its a tough job for mother.

Why don't you tell mother to open a Christmas Money Club account in The Old Home and next year we will send her a check on December 15th and all you will have to do next Christmas will be to smile and dream of your boyhood days, when you knew nothing of worry, when Santa Claus meant excitement and happiness and presents FOR YOU.

Stop at Our Office and get a folder and talk it over with mother.

**TOWLINE PARTS,  
GREEK STEAMER  
IS AGAIN ADRIFT**

(ASSOCIATED PRESS TELEGRAM)

New York, Jan. 4.—The Greek  
steamer Thessaloniki which was be-  
ing towed to New York by the steam-  
er Patris, was again adrift in a gale  
300 miles east-southeast of New  
York, early today, her tow line hav-  
ing parted during the night. Wire-  
less messages sent by the Thessalon-  
iki to other steamers asking aid told  
shore stations her plight.

The Thessaloniki has been dis-  
abled and virtually adrift for about  
ten days. It was first reported that  
her engine rooms were flooded.

Yesterday word came that her 300  
passengers had been transferred to  
the Patris which then took the cri-  
pled steamer in tow.

The first message telling of the  
breaking of the tow line was re-  
ceived at 2:15 o'clock this morning.  
It gave her position and said that  
the steamer had no means of aiding  
herself. Distress signals had been  
sent out the message stated, and the  
steamer Finland and Stockholm  
were reported to be "standing by."

A radio message received here  
early today from the Scandinavian  
line steamship United States, said  
that steamer had turned from her  
course and headed toward Thessal-  
oniki. The captain said he would  
confine his efforts to aiding the pas-  
sengers and crew of the disabled  
Greek steamer as the prevailing  
northwest gale would make it impos-  
sible to tow the Thessaloniki.

The Greek line received a message  
today, from Captain Zagoras of the  
Patris saying that the Thessaloniki's  
passengers had been transferred to  
the Patris last night. Officials of  
the line were surprised at this mes-  
sage in view of the fact that on Fri-  
day last a wireless was received  
from the Patris saying that she had  
taken on board the 300 passengers of  
the Thessaloniki.

The crew of the Thessaloniki wish  
to abandon the ship, which has been  
at the mercy of gales and high seas  
for ten days, according to a radio  
message received here today from  
the steamship United States.

fested. The pastor spoke from the  
text, "The way of the wicked is as  
darkness, but the path of the justifi-  
ed is as a shining light which shineth  
more and more unto the perfect day."  
The special number by Mr. Reck with cello and piano  
accompaniment was appreciated by  
all present. At the service tonight  
the pastor will speak on "The value  
of broken things." The text will be  
"And He Made It Again." A quartet  
will sing "Shadows" and there  
will be a solo at the close of the  
sermon. All this week and next  
the meetings will continue, and next  
week Rev. Lewis E. Lee of Cincin-  
nati will be the speaker.

**BARRETT BEST  
WRESTLER WHO  
HAS BEEN HERE**

"There is no doubt that Wilfred  
Barrett is the best wrestler I have  
been able to secure for bouts here,"  
said Paul Bowser this morning in  
speaking of his bout with Barrett  
at the Music Hall Thursday night.

PAUL BOWSER.  
Newark Wrestler who meets Wilfred  
Barrett of Detroit here Thurs-  
day Night.

"He is nearer my weight than any  
I have met," Bowser continued. "I  
know him by reputation and know  
that he is a clean wrestler. He is  
fast in his work on the mat and will  
give any wrestler a hard tussel. I  
am not underestimating his ability  
and I realize that I will have to put  
forth my best efforts."

With this situation existing wrest-  
ling fans here will no doubt see the  
best evening's entertainment yet  
offered. The wrestlers will go to  
a finish, best two falls in three to  
win. Bowser is the fastest wrestler  
ever seen in Newark and with Bar-  
rett reputed to be just as fast or  
faster, the Thursday night bout will  
no doubt be full of action.

Bowser has arranged with Harvey  
Johnson, a local man with expe-  
rience on the mat to meet Fred  
Bowers who was in one of the pre-  
liminary Christmas Day. An ef-  
fort is being made to arrange an-  
other preliminary between two  
bantam weights and this is sure to  
furnish some rare sport.

**BANKERS ASK  
\$560,000 FOR  
SOMERS' CLUB**

(ASSOCIATED PRESS TELEGRAM)

Chicago, Jan. 4.—The price asked  
for the Cleveland club of the Amer-  
ican League is \$560,000, according  
to conditions of the sale communi-  
cated to Robert McRoy, former sec-  
retary of the American League who,  
with Jake Stahl of Chicago, has been  
mentioned as possible purchasers of  
the club.

The price was fixed by the Cleve-  
land banking committee which con-  
trols the financial affairs of Charles  
W. Somers, president of the club.

The committee demands \$350,000  
in cash and \$210,000 in notes.

"We have done nothing in closing  
the deal for the club," McRoy said  
today. "We simply have talked the  
situation over among ourselves."

Stahl, a former manager of the  
Boston and Washington clubs of the  
American league is now vice presi-  
dent of a Chicago National bank.

## The Advance In Gasoline.

Resolutions are pouring into Congress demanding an investigation of the high price of gasoline. The petitioners are quite a different element from those who have previously protested against price advances. Many of the gasoline users have been quite calm while meat, grains, and fuel have been mounting upward. It is a politically influential element, which Congress can not afford to ignore.

Of course this advance is at least partly due to the law of supply and demand. The consumption of gasoline has multiplied, while supply has remained stationary or has declined through reopening of the Mexican and Russian wells would help out.

Whether or not the gasoline producers can be reached under the anti-trust law is a matter that Congress should thoroughly investigate. Even if they can't, it will be poor policy for the producers to push their advantage too far. They should remember that scientists and manufacturers are already actively at work to find a satisfactory fuel oil at a lower cost.

At present such substitutes as denatured alcohol, kerosene, etc., may cost too high, or in some cases may clog motors with waste products. But every cent the gasoline people tack on their price simply stimulates these efforts for a substitute, which one day are almost sure to be successful.

For the present it looks as if the motor user must adjust himself to somewhat higher prices. People of moderate means would do well, in estimating the cost of a machine, to make a liberal allowance for fuel oil. They can offset it by buying less expensive cars. The cheaper makes may not be able to take hills on high speed. They may be a bit "tinny." But people should not be so soft that they can't stand a little jolting. They should remember that the pioneer automobile users were bounced around in costly cars that on the whole are inferior to many cheaper makes of today. And all the time they were gloriously enjoying the sport.

## Abuses of College Athletics.

There is a tempest of discussion over abuses of college athletics. These questions were threshed out by the National Collegiate Athletic Association at their meeting this week, with ex-President Taft as a leading speaker. Whether the association will accomplish any positive results remains to be seen.

American youth does not enter sport for the impersonal satisfaction of the trained skill of eye and hand. It is a problem of defeating dreaded rival colleges, which must be met or disgrace accepted. If a man who is practically a professional can be captured, there are devious ways enough.

## Daily History Class—Jan. 4.

1685—The Marshal Duc de Luxembourg, famous French General, died; born 1628. De Luxembourg fought France in the armies of Spain, but, receiving pardon from Louis XIV, entered his service and gained victories over the allies in Flanders. After Turenne and Conde he was the ablest of French generals, twice defeating William III. of England.

1914—Dr. Siles Weir Mitchell, distinguished nerve specialist, also novelist of note, died; born 1829.

1915—Russian armies defeated Turks in the Caucasus and overran the Austrian province of Bukovina.

Evening stars: Jupiter, Mars, Venus, Mercury. Morning star: Saturn. Two stars near the horizon north-northwest in the eyes of the dragon, constellation Draco.

## William A. Ashbrook.

The Danville, Knox County, Twin City News thus refers to the candidacy of Congressman William A. Ashbrook:

The News endorses the candidacy of Hon. William A. Ashbrook for reelection to Congress, not only in 1916, but so long as his services to his constituents are so efficient and faithful, and he continues to grow in strength and influence to do good.

It is doubtful if any member of Congress is more solicitous of the wishes and best interests of his constituents than Ashbrook is. He's always on the job, ready and willing. There are good and sufficient reasons why a man of Ashbrook's character and fitness should be continued in Congress aside from the foregoing suggestions. The business of the federal government is a tremendous affair, whose ramifications and intricacies are almost beyond human comprehension, and hence, if this, the Seventeenth Congressional District is not only to be well represented, but if it is to receive rightful recognition in the great affairs of democratic government at Washington, D. C., then by all means let Ashbrook remain on the job. By remaining he may interfere with someone's political aspirations, but no matter. What the 17th district wants, is what's coming to it, and in no way can this be accomplished except by retaining the man who has so eminently shown his capabilities.

In time, if not at this moment, Ashbrook will be needed in shaping and defending the fundamental principles of democracy, and only by long service can the ablest be expected to solve great national questions.

Ashbrook's popularity is attested by the flattering vote given him in 1914, when he carried this district by 8,529 majority, running 11,000 ahead of the head of the ticket.

## Sanity in Defense.

(New York Journal of Commerce.)

Perhaps it is not to be wondered at that Henry A. Wise Wood, the representative of the American Society of Aeronautic Engineers, should resign in disgust from the Naval Advisory Board because the plan of the General Board of the Navy to make the navy the equal of the most powerful in the world by 1925 is not to be adopted by the present sane administration of the government. It may not be surprising that Alan R. Hawley, president of the Aero Club of America, should also denounce the plan actually recommended as a "totally inadequate half-measure," emanating from those who do not "seem to realize the danger from the fire of war which this country is facing," and should call upon the senators and representatives of the state of New York to find out "whether the safety of this great country has not been jeopardized" by what he calls the suppression of the report of the General Board.

These aeronautic experts seem to have got unduly excited over the peril this country is going to be in after the nations of Europe have worn themselves out in a fight which their people will be sick of before it is over, and are not likely to want repeated anywhere else for a long time to come. These men of the air are more excited than the real navy men, apparently because they see a great opportunity for their craft disappearing from their vision. Navy men and army men and munitions men naturally feel a special concern for the future safety of the country. Why not the aero men, for whom war would afford a great field of activity in the air and a chance for glory?

This is human nature, which is apt to be carried away with enthusiasm when devoted to special lines of activity; but there is a great mass of humanity with many interests, which is not apt to go crazy about danger to the nation because some other nations have got into a fight and are trying to destroy each other. It is exciting and suggests possibilities of what might happen against all probability; but a great nation is not going to act upon any such impulse as so many self-interested persons are trying to arouse. Sanity is bound to prevail after the excitement subsides, as it will one of these days, and then everybody will hanker for peace and its victories, "more renowned than war."

## Others' Clothes.

(Waterbury American.)

Colonel Roosevelt is making a characteristic mistake in showing so much personal feeling in the discussion of current events. His latest outburst has two or three vicious attacks at Mr. Taft. Mr. Taft has provoked a reply by his infrequent references to Colonel Roosevelt in his utterances on public questions, but his railing has always been good-natured. Roosevelt's reply shows an intense personal feeling almost deep enough to call enmity.

His attacks on the policy of the administration in respect to military preparation are marked by the same personal spirit toward President Wilson. He accuses the president of stealing his ideas and putting them into operation, but always a year later. There is something in this. President Wilson has had to learn as he went along. He didn't know instinctively how to be president, and he hadn't much experience in public affairs. But if he can learn so that he will be only a year late he is what we might call a safe president, and he may arrive in time. Colonel Roosevelt's criticism ought to point out to him the line of political sense. He ought to get his military program well started, so that the country is reassured about it and the revenues to support it well provided for before the next presidential campaign begins. In that way, while he may justify Roosevelt's criticism, he will prove that he knows how to profit by it and will do a great deal to save himself from defeat.

But it is amusing, isn't it, to have

Roosevelt accuse Wilson of stealing his ideas? It will be remembered that years ago Bryan said that Roosevelt came along and stole his clothes while he was in swimming more than once, and we used to say, in answer, that Bryan never knew how to wear them anyhow, and that he (Roosevelt) made good use of them. It remains to be seen what use Wilson makes of the clothes which Roosevelt says he has stolen from him.

## Poisonous Gas Balloons.

(Popular Mechanics Magazine.) A new and ingenious method used by the Germans for attacking the defenders of a fort with poisonous gas is reported from Petrograd. Balloons that are shaped somewhat like those which children amuse themselves, but larger, are used for the purpose. Each balloon is filled with enough illuminating gas to make it float, while in a bottom compartment is a quantity of the poisonous gas. The balloons are set adrift on a favorable wind, and when they are attacked, the German sharpshooters punctured them with rifle bullets. The bursting of the thin covering completely destroys the balloon. The illuminating gas rises, while the poisonous gas, being heavier than the air, settles into the fort. It is reported that the poisonous gas from 1,800 of these balloons was dropped by this method into the fortress at Ossowetz, and that this was the principal reason why the defenders were able to hold the fortress for only two days.

## Native American Again.

(New York World.)

With a dramatic swiftness that is little noted, the war is turning the United States back into a country of the native-born.

In a decade of enormous immigration checked at the end by the 1907 panic, the percentage of foreign born rose from 13.6 in 1900 to 14.7 in 1910. Heavy re-emigration continuing because of the Tripoli and Balkan wars, the gain of net immigration over deaths in four years following was at most 1,000,000, the foreign-born total increasing from 13,515,000 in 1910 to 14,500,000 on June 30, 1914. Native population meanwhile grew much more rapidly and the foreign-born percentage fell to about 14.5.

The Bureau of Immigration reports only 50,000 net immigration in the year ending June 30, 1915. The death rate of foreign-born cannot be separately stated; at the general rate for New York state it would be about 275,000 in 17 months of war, leaving on January 1, 1916, 14,275,000, or 14.1 per cent of an estimated population of 101,000,000.

Should the war last another year, immigration will be even more completely cut off, the number of foreign-born persons in the country on January 1, 1917, will be not much above 14,000,000, and their percentage of the whole will have fallen close to what it was at the beginning of the century.

## U. S. Aggressive Power.

(New Republic.)

The average American is slow to believe that the foreign policy of the United States is domineering. It is just as well on that account to listen to an unsympathetic outsider. "The United States, by annexing the Philippines and the Sandwich Islands and taking control of Cuba, established herself as an aggressive power of the first rank. By maintaining the Monroe doctrine she arrogates to herself in addition the protectorate over the whole of North and South America. Now she is beginning to pose as a sort of dictator-at-large with reference to the rights of the British navy under international law." These are the words of an Englishman, H. M. Hyndman. The only thing the United States seems to lack in his eyes is apparently a spiked helmet and a Kultur. Mr. Hyndman has too many years of bellicosity behind him to have his words weigh heavily, but until we define for ourselves the policy behind our preparations, we may expect much accusations of arrogance and aggression.

## 25 Years Ago

(From Advocate, Jan. 4, 1891.) The residence of Mrs. Regina Kline on Harrison street, was the scene of a brilliant event last evening, being a party given in honor of the Misses Walrath of Hanover.

Mr. Clifford Hawkins will lead the young men's meeting at the Y. W. C. A. tomorrow. Congressman Jas. W. Owens of Newark, O., has returned to Washington from his holiday visit at home, and is accompanied by his wife and daughter.

## 15 YEARS AGO TODAY.

(From Advocate Jan. 4, 1901.) The stockholders of the Citizens Building and Loan Association on Wednesday night, elected the following directors: S. E. Rhoads, Noah Andrege, John H. Moore, Charles Hetteshimer, W. H. Fulton, F. M. Swartz, D. W. Matlocks, Perry Bishop, J. C. Kenneth.

## The World War a Year Ago Today—Jan. 4.

French troops recaptured Steinbach, in Alsace, after a stubborn defense by the Germans, who continued the fighting outside the village.

The Germans blew up 230 yards of allied trenches north of Arras, in France; also repulsed French attacks east of Steinbach, in Alsace.

Russia reported the annihilation of the Turkish Ninth corps commander and leaders of three divisions in Caucasus.

## JUST A TIP

## Spirit of the Press

## Identification Should Be Easy.

Five dollar bills are carefully scrutinized when offered in trade these days at West Plains. A dark-haired stranger took advantage of the holiday and plastered the town with \$5 counterfeit bills through the medium of 10-cent purchases. From the description given by one of his victims it is learned that the stranger wore a dark suit of clothes and a black hat, so capture should be a mere matter of time.—Kansas City Times.

## These Want the Colonel.

The Washington correspondent of The Chicago Evening Post, who has just been at Oyster Bay, finds that Wall street is enthusiastically in favor of the Colonel for President. Add this to Professor Muensterberg's contribution of the German-American vote, and the outlook appears formidable—for the Colonel.—Springfield Republican.

## America's War Millionaires.

War, for Europe, is meaning devastation and death; for America, a bumper crop of new millionaires and a hectic hastening of prosperity revival. The coming of war orders has created more value, by five times, than the war orders themselves.

When the great war began, America had about 4100 millionaires. How many will it have when the war ends? Nobody knows—but if one is willing to count those who have been made "millionaires on paper" since the war began, whether from war orders direct or not, and estimate those who logically will become millionaires if the war continues two years more, there will be a crop of at least 500 millionaires.

The making of 500 more millionaires is a mere detail compared with the psychological brace which war orders have put into a slack and snail-paced return to prosperity. It is as though an energetic doctor had pumped oxygen or salt solution into a limp patient and turned him into a jumping jack.

Just what have these famed war orders? Stripped of all the color and excitement of pussy-footed confidential agents, rumor-spreaders and stock manipulators, the "war orders" placed in this country comprised, nevertheless, a gigantic industrial piece de resistance. A grand total of about two billion dollars in war orders of one kind and another is estimated to have been placed in this country. The DuPont powder firm and the Remington Arms people naturally secured a great slice of war orders. The DuPont firm, on excellent authority, has war orders totalling about \$320,000,000. It paid a 200 per cent dividend on Oct. 1 last, sending the stock up to 750. Before the war it sold at 125. Stockholders of DuPont since 1912 cashed in, or could do so, at 503 per cent profit. In other words, a 100-shareholder, if he chose, could make \$93,000 profit!—From "America's Business Boom," by J. George Frederick, in the American Review of Reviews for January, 1916.

## Rippling Rhymes

## The Plute's Library.

Oh, stately books, in handsome cases, all standing in their proper places, selected with an artist's feeling, to match the furniture and ceiling! Pope's, Milton's, Scott's and Shak'speare's grinning, done up in costly leather binding, and all so dismal and forbidding, that you would cry, "Aw, quit your kidding," if some one said, "Sit down and read 'em, to browse around you have full freedom." They stand in rows, all unmolested, unread, unfingered, undigested, save when a housemaid comes to clean them, and from the dust and cobwebs wear them. The plute exhibits them to callers, and says, "They cost ten thousand dollars; I hired a man who knows good writers—that Shakespeare dub and kindred blighters—and said to him, 'Now, off you caper, and buy me books to match this paper; the library's here, so go trim it with Standard Works, and crowd the books are scattered around the floor, all stained and battered; they have no dekedged ambitions—they're mostly fifty cent editions; but every hour and day I need them, and all the neighbors come and read them."—WALT MASON.

## SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid in the blood, which affects the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive process. Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and improves the digestion. Don't suffer. Get Hood's today.

How to Have the Best Cough Remedy and Save \$2 by Making It at Home

Cough medicines, as a rule contain a large quantity of plain syrup. A pint of granulated sugar with 2 pints of warm water, stirred for 2 minutes, gives you as good syrup as money can buy.

Then get from your druggist 2½ ounces Pinex (50 cents worth), pour into a pint bottle and fill the bottle with sugar syrup. This gives you, at a cost of only 54 cents, a full pint of really better cough syrup than you could buy ready made for \$2.50—a clear saving of nearly \$2. Full directions with Pinex. It keeps perfectly and tastes good.

It takes hold of the usual cough or chest cold at once and conquers it in 24 hours. Splendid for whooping cough, bronchitis and winter coughs.

It's truly astonishing how quickly it loosens the dry, hoarse or tight cough and heals and soothes the inflamed membranes in the case of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of genuine Norway pine extract, combined with guaiac, and has been used for generations to heal inflamed membranes of the throat and chest.

To avoid disappointment, ask your druggist for 2½ ounces of Pinex, and don't accept any other. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

## CRISIS

(Continued from Page 1.)  
patches and the formal announcement made today was generally expected. The home secretary was not in agreement with the decision regarding the compulsion question reached by the cabinet and his retirement was due to this divergence in opinion.

Sir John entered parliament in 1906 after a successful career at the bar and entered the ministry in 1910 as solicitor general. When the present coalition cabinet was formed he assumed the post he has just relinquished, declining the lord high chancellorship because he wished to continue his political career. It was said of him recently that he was so far a pacifist that when the war broke out he was on the point of resigning, as did Viscount Morley and John Burns, but was prompted to remain by the fact of the German invasion of Belgium.

**EMMET M'DANIELS IS OPERATED UPON FOR APPENDICITIS**

Emmet McDaniels, proprietor of the restaurant in North Park Place, was operated upon at the City Hospital this morning for appendicitis. The operation was performed by Drs. H. J. Davis and J. T. Harbottle. Word from the hospital this afternoon states that Mr. McDaniels rallied nicely from the anesthetic and was resting very comfortably. His physicians state that they have great hopes of his coming through the ordeal in splendid shape as he has a splendid constitution. Mr. McDaniels has complained of feeling badly for some time but last night his ailment became very acute and it was deemed necessary to perform the operation at once. Mac's many friends over the city will wish him a speedy recovery and restoration to good health.

**ROBT. S. CAMPBELL IS PRESENTED WITH HANDSOME ROCKER**

Robert S. Campbell, who retired Friday evening as District Tax Assessor, the office having been abolished by the repeal of the Warner law which went into effect Jan. 1, was presented with a handsome leather rocker by court house officials, deputies and clerks. The presentation speech was made by County Clerk Bert O. Horton, who paid Mr. Campbell many compliments and spoke of the regret of all in the severing of their pleasant official relations. Mr. Campbell responded thanking the donors and assuring them that he would always remember the companionship of his fellow officials which he had enjoyed during his tenure of office.

## GENERAL HUERTA SERIOUSLY ILL WITH GALLSTONES.

(Associated Press Telegram)  
El Paso, Texas, Jan. 4.—The condition of General Victoriano Huerta, former provisional president of Mexico, who is seriously ill at his home here, was reported unchanged early today. Following an operation for gall stones Saturday, a second operation to remove a quantity of fluid from the intestinal tract was performed late yesterday. The patient appeared much relieved by the operation.

Guards placed about the Huerta home following his removal from Fort Bliss, where he was detained on the charge of violating the neutrality laws of the United States, have been removed upon instructions from federal authorities at San Antonio, Texas.

## GIRLS-DO YOU KNOW WHY YOUR HAIR IS UGLY?

It is astonishing how much good looking hair does toward producing a youthful appearance and still more astonishing to realize how much the attractiveness of the hair is affected by the care we give it.

Loving and frequent attention is as necessary to keep a woman's hair beautiful and luxuriant as is the tooth brush to keep the teeth from decay.

Every woman who values the beauty of her hair as she ought to do should make it a never broken habit to frequently apply a little Parisian Sage, rubbing it briskly into her scalp with the finger tips.

Parisian Sage is Nature's modern handmaid to beautiful feminine hair. It is a simple, harmless compound of wholesome, nutritious ingredients that make an ideal lotion for nourishing both hair and scalp. It feeds and builds up the delicate hair and scalp structures making the hair soft, lustrous, brilliant and easy to dress and arrange. W. A. Erman and many other of our best druggists sell Parisian Sage and gladly recommend its use.

## TREASON

**CHARGED AGAINST SEVERAL LEADERS OF FACTION IN BOHEMIAN POLITICS.**

Trial Open to the Public but Accounts May Not be Published Till Verdict is Reached.

(Associated Press Telegram)  
Berlin, Jan. 3.—Private information has been received here from Vienna that Dr. Karl Kramarz, who is prominent in Austria's political affairs as leader of the Young Czech party in the Reichsrath, is now on trial on a charge of high treason. Dr. Koerner, secretary of the Young Czech faction and several other Bohemian politicians are being tried at the same time on similar charges.

It is reported that Dr. Kramarz is conducting his own defense, managing it with great skill. He came into international prominence some time ago through the movement for a rapprochement between Bohemians and Russians and participated in several Slav congresses, engineered by Count Bobrinsky, now vice president of the Russian duma, and other active pan-Slavists. Dr. Kramarz repeatedly visited Petrograd in this connection.

The trial is open to the public and is being attended by Austrian newspaper reporters, but the papers are not permitted to publish accounts of the proceedings prior to the finding of the verdict.

**Wall Street**  
[ASSOCIATED PRESS TELEGRAM]  
New York, Jan. 4.—The range of prices was generally higher today, opening much higher than the signs of further profit-taking or liquidation were seen. California Petroleum Preferred was a favorite, and the market was in connection with its proposed merger with Mexican Petroleum. Mexican, on the contrary, opened strong with 20¢, but later fell to 19¢. Marine Preferred and New York Air Brake, U. S. Steel was steady, but leading rails, including St. Paul, Pennsylvania, and Lehigh Valley, were higher by fractions to a full point. The strength of Anglo-French Inquiry suggested further investment.

Trading during the morning was on a smaller scale than yesterday, but with a few exceptions, the indications of manipulation. Oil issues were less conspicuous after the initial dealings, their place being taken by other specialties, notably Marine Preferred, which rose almost 2 points to the new record of 80½. Coppers also became specialties, notably the 15¢ stock, which rose from 39 to its increased dividend. Changes otherwise were more variable. Before noon, the market was mainly Union Pacific imparted general strength and activity to other high grade railway shares. Bonds were firm.

**Chicago Provisions**  
[ASSOCIATED PRESS TELEGRAM]  
Chicago, Jan. 4.—Butter: Lower; creamery 22¢ to 31¢.

Eggs: Lower; receipts 5,573 cases; firsts 27½¢ to 28¢; ordinaries 26½¢ to 27¢; at mark, cases included 22¢ to 27½¢.

Potatoes: Lower; receipts 42 cars; Michigan, Wisconsin, Minnesota and Dakota whites 30¢ to 35¢; Minnesotas and Dakotas and Ohio whites 1.15¢; were followed by a decided setback and then a rally that failed to last.

Later a sharp upturn took place owing to a decrease in arrivals northwest and because of talk of better export inquiry. The close was strong 2½¢ to 3½¢; net higher, with May at 1.25¢ to 1.35¢ and July at 1.15¢.

Corn went lower with wheat. Predictions of stormy weather, with a consequent outlook for decrease in receipts however tended to make the bears cautious. After opening unchanged to down the market underwent a moderate rally and all around.

The market subsequently rallied in wheat turned up grade. There also reports of inquiries here

from the seaboard. The close was firm at ½ to ¾ net advance.

Oats eased off with other grain. Demand was light.

Larger warehouse stocks than had been looked for acted as a weight on the provision market. Buyers were scarce.

**COMPANY G**  
GETS NEW START AND ASSISTANT ADJUTANT GENERAL IS PLEASED.

John Sherwood Fleek Appointed Captain of New Company at the Re-organization.

Twenty-five new members were added to the membership of company G. Ohio National Guards, Monday night, at the armory in East Main street, bringing the number up to 45, who have joined since the work of re-organization was begun. Lieutenant J. S. Bailey of Columbus is pleased with the enthusiastic manner in which the young men of good moral character have come to the front and are working for the interest of the new company.

John Sherwood Fleek was appointed captain of the local company and Captain James Samson of Delaware, was chosen to come to Newark every Monday night to conduct a drill class. Captain Samson has charge of the Delaware company of the O. N. G. and is considered to be one of the best militia officers in the state.

Colonel E. S. Bryant, assistant adjutant general, and Major F. D. Henderson of Columbus, were in attendance at the armory last night and were strong in their praise of the manner in which the local company was being rejuvenated. A list of the new members will appear in the Advocate in the near future and in the meantime the officers of the company will endeavor to whip the new recruits into one of the best organizations in the state.

**AN O. N. G. OFFICER WILL OBSERVE WAR WITH FRENCH ARMY.**

[ASSOCIATED PRESS TELEGRAM]  
Columbus, Jan. 4.—The Ohio National Guard will soon be represented by an observation officer with the French army on the western battle front. It was announced today at the adjutant general's office. The officer will be appointed from the Ohio field artillery and will sail January 18, to spend six months or more inspecting artillery methods of the French armies. Incidentally he will make observations on general methods of conducting the campaign.

The name of the observing officer to receive the appointment is to be made public soon.

Major H. M. Bush of the first battalion, Ohio field artillery, in making the announcement said funds to pay the expenses of the officer had been obtained privately.

**SMALL HOSPITALS PROTEST.**  
[ASSOCIATED PRESS TELEGRAM]  
Columbus, Jan. 24.—Representatives of about 25 small hospitals over the state today protested to the state medical board against the rule which fixes 25 daily patients as the minimum for hospitals authorized to maintain nurses' training schools. They declared the rule is unfair to the small institutions.

## FORD GOES TO COUNTRY HOME UPON ARRIVAL

Detroit, Mich., Jan. 4.—Henry Ford, leader of the peace mission to The Hague, returned to Detroit today but at the station he avoided a delegation of local citizens who had planned to welcome him home, and present him with a floral piece in recognition of his peace efforts. He remained in his private car and proceeded to his country home at Dearborn. A public meeting in honor of Mr. Ford is being planned for the near future.

The only member of the Ford party who left the train in Detroit was the Rev. Samuel S. Marquis, dean of St. Paul's cathedral here. Rev. Marquis said that early tomorrow morning he will don his working clothes and proceed to the Ford factory where he is under engagement for a year to study sociological conditions among the 20,000 employees of factory.

## INSISTENT

DEMAND IN ENTENTE CAPITALS  
FOR VIGOROUS ACTION AGAINST  
SUBMARINES.

Problem Difficult One—First News  
of Success of Russia's New Of-  
fensive Movement.

London, January 3.—The continuance of submarine activity in the Mediterranean has produced a profound impression in all the entente capitals. There is an insistent demand from the public for vigorous measures against the undersea commerce raiders, but the problem is no easy one for the Anglo-French naval staffs.

The Anglo-French press express the opinion that some sort of policing of several sections of the intricate Mediterranean coasts and archipelagos is necessary. Presumably the occupation recently by entente forces of the island of Castellorizo of the south coast of Asia Minor, was one step in the scheme to provide a more thorough control of the regions where submarine bases are supposed to exist.

The opinion is expressed here that the central powers are likely to plead as justification for the reported failure to give warning to Mediterranean liners that these boats frequently have carried a heavy gun for defensive purposes. There seems to be a general impression in the entente capitals that the loss of American life as the result of the sinking of the British steamship Persia must inevitably result in a serious clash between the central allies and the United States.

The most complete account yet published of the new Russian campaign north of the Rumanian border reached London tonight from the Petrograd correspondent of the Associated Press. This indicates the evacuation of Czernowitz by the Austrians as among the probabilities as the result of the Russian successes while the Russian movement in the direction of Kovel threatens one of the most important points of communication between the Austrian and German fronts.

**CAPT. W. P. BLACK,  
SOLDIER-LAWYER,  
DEAD IN CHICAGO.**

Chicago, Jan. 4.—Capt. William Perkins Black, lawyer and civil war veteran, died at his home here yesterday at the age of seventy-four. He was a brother of the late General John C. Black, formerly commander of the Grand Army of the Republic, and later chairman of the United States Civil Service commission.

Captain Black defended the anarchists charged with the responsibility for the Haymarket riots in 1886. For distinguished gallantry at the battle of Pea Ridge in the Civil war, he was awarded a congressional medal.

## GAINS 40 POUNDS IN 40 DAYS.

Remarkable Results of the New Tissue Builder Tonoline Tablets in Many Cases of Run-down Men and Women.

PROVE IT YOURSELF BY BUYING A BOX OF Tonoline Tablets NOW.

"By George, I never saw anything like the effects of that new treatment, Tonoline Tablets for building up of weight and lost nerve force. It acted more like a miracle than a miracle than a medicine," said a well known gentleman yesterday in speaking of the revolution. "I began to think that there was nothing on earth that could make me fat. I tried tonics, digestives, heavy eating, diets, milk, beer and almost everything else you could think of."

Any man or woman who is thin can recover normal weight by the best new treatment Tonoline Tablets. "I have been thin for years and began to think it was natural for me to be that way. Finally I read about the remarkable processes brought about by use of Tonoline Tablets so I decided to try myself. Well, when I look at myself in the mirror now, I think it is somebody else. I have put on just forty pounds during the last forty days, and never felt stronger. Tonoline Tabs are a powerful inducer to nutrition, increases the number of blood corpuscles and as a necessary result builds up muscles, and solid, healthy flesh, and rounds out the figure."

For women who can never appear stylish in anything they wear because of their thinness this remarkable treatment may prove a revelation. It is a beauty maker as well as a form builder and nerve strengthener. Tonoline Tabs cost \$1 for a 15 days' treatment.

## CARRY FIRE TO WATER PLUG; TWO ALARMS OVERLAP

While both companies from headquarters were fighting a serious blaze in the barn of James Burns at the lower end of Sixth street, a fire broke out in a storage room under the sidewalk in front of the Charles F. Schaus grocery in West Main street. A telephone call notified the fire department and No. 57 was sounded, calling the three idle companies to the business district.

The fire at the Schaus store originated in a box of excelsior and after it had been subdued to some extent, the entire fire was carried to the plug in front of the store, and all remaining fire extinguished.

The work at the Burns fire had about been completed and when the call from the business district was sounded the two headquarters companies left the Burns place and made a rapid run to the Schaus place. The services of the companies were not needed.

At the Burns barn, the fire was found in the upper portion of the building where a large quantity of corn fodder and some hay were stored. It was burning briskly when the department arrived and two hoses of hose were quickly stretched. The blaze was soon under control and the firemen labored for an hour shifting the great bulk of fodder in an effort to extinguish any spark which might remain. The work had progressed far enough to warrant leaving it, when the Schaus alarm was received.

The origin of the Burns fire is a mystery. As far as is known no light of any kind had been taken to the loft recently, and firemen declare that spontaneous combustion would be improbable. The lower part of the structure escaped any serious damage.

The building was insured for \$600 and the contents for \$200 which, it is believed, will cover the loss.

Firemen experienced some difficulty in handling the motor trucks in the narrow street particularly where the ground was soft, but the engines proved sufficiently powerful to force the machines through the muck.

The Schaus alarm was the fourth this year. The first proved to be a false alarm at 12:05 New Year's morning from the B. & O. shop. Saturday afternoon the department was called to the barn of L. V. Renfrew at Sixteenth and Granville streets. Monday's two alarms brought the total to four for the first three days of the new year.

## ARRESTED AS AN ACCOMPLICE IN DOUBLE MURDER

Toledo, Jan. 4.—Accused of being implicated in a double murder and robbery at South Bend, Ind., last Thursday, John Sobkowiak, 28, of Toledo, was arrested here late last night. Frank Chrobot, a driver, and Henry Muesel, proprietor of a South Bend brewery, were shot to death by two men in the company's office.

William Muesel, another member of the firm, was wounded perhaps mortally. Sobkowiak recently returned from that city.

## SEVERE STORMS INTERFERE WITH CABLE SERVICE

(ASSOCIATED PRESS TELEGRAM)  
New York, Jan. 4.—Trans-Atlantic cable communication has been crippled or delayed by severe storms which have swept over Ireland, England and the continent.

The first intimation of trouble on the other side of the ocean came with the announcement of the Western Union Telegraph company, that "owing to severe storms in Great Britain and Ireland, telegraph service is practically suspended."

At the offices of the Commercial Cable company, it was said that cable messages were going through as usual but subject to delay by the bad weather conditions as well as by censors.

It is at the cable offices of the Western Union that the storm had been the heaviest in Ireland and that a large part of the telegraph lines and especially near the coast were down.

## HANDBAG

MARKED WITH EAST LIVERPOOL  
MAN'S NAME FOUND IN  
STATEROOM.

Circumstances Indicate Owner Fell  
From Steamer as Door Was  
Locked on Inside.

(ASSOCIATED PRESS TELEGRAM)  
New York, Jan. 4.—Officials of the New England Steamship company have asked the police to aid them in a search for the owner of a handbag marked "W. R. Griffin, East Liverpool, Ohio," found in a stateroom of the steamer Providence on its arrival at Fall River, Mass., from New York last Friday. The bag contained a \$50,000 stock certificate, the title of which is withheld and other papers, including certificates for 199 shares of stock in the Atlas Oil company, a pass book with passes made out to W. R. Griffin, general manager of the Steubenville, Wellsburg and Weirton railway, East Liverpool, Ohio, and a bank book and check book of the Union National Bank of Pittsburgh.

The door of the stateroom in which the bag was found, was locked and the key was on the inside, making it appear that the occupant had left by way of the window and suggesting the possibility that he had fallen overboard.

Word was received here from East Liverpool today that W. R. Griffin left there three months ago for New York, and when last heard from was about to go to Boston.

(ASSOCIATED PRESS TELEGRAM)  
East Liverpool, O., January 4.—The family of W. R. W. Griffin, whose traveling bag containing valuable papers was found in a stateroom on the steamer Providence on its arrival at Fall River, Mass., today, were not alarmed because they had heard nothing from him. Members of the family said a letter written in New York had been received last Friday in which he said he was going to Boston. They believed he had missed the boat and had gone on by rail.

## NEWARK YOUNG MAN IS HAVING GREAT SUCCESS

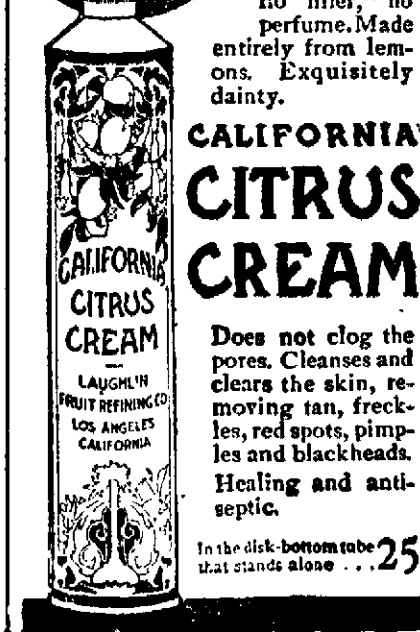

Mr. A. B. Schauweker, Jr., son of Mr. and Mrs. A. B. Schauweker of Hudson avenue, has met with the greatest success in his work for the Hoosier Kitchen Cabinet company and has just been admitted to the 100 per cent club of the company. The club is for men who have made 100 per cent or over in efficiency, and only six men have ever been admitted to membership. Mr. Schauweker has just returned from New Castle, Ind., the headquarters of the company, where he was told of his success and awarded a gold medal. Admitted with him was another salesman, Mr. Guy Lemon of San Francisco.

Mr. W. H. Deming of Granville, a former member of the club, made the 100 points in efficiency again this year and was again made a member. Mr. Schauweker leaves this evening for his territory through the northwestern states.

The self-made man is apt to regard the mark of esteem and the dollar-mark as being synonymous.

Even the people who hate peace must agree that this is a terrible war, but it's the best we have.

SUPERINTENDENT  
PUBLIC SCHOOLS'  
MONTHLY REPORT

Report of the Newark Public Schools for the month ending December 22, 1943.

Table with 4 columns: Building, Enrollment, Perfect Attendance, Average Attendance. Rows include Central, Hartley, Woodside, Mahon, Mount, East, Fourth Street, Conrad, Mill, Hudson, Keller, Riverside, Franklin, Texas, and Totals.

Notes and Comments:

The past few months in some respects have been unusual ones. During no month has the attendance fallen below 95% and punctuality has been unusually good. 4392 visits have been made to the schools in this time of which 2490 were by parents. Teachers have made 598 visits to the homes of children. Because teachers visit the homes and parents visit the schools both are becoming better acquainted and the child profits by this acquaintance. The parent who fails to make the acquaintance of the teacher has failed in one of his most important duties to the child. The teacher who fails to acquaint herself with the parents and home conditions of each of her pupils has forfeited one of the simplest and one of the most effective means of increasing her influence and power. On December 10th, Miss Kate Foss of the German department in the High School in conjunction with her pupils gave an instructive and highly entertaining program consisting of German songs. All of these were rendered in the German language. Christmas exercises were given in all schools on December 22nd. In the High School Dickens' Christmas Carol was given by members of the Senior class under the direction of Miss Thomas. It was a pronounced success. Patriotic programs will be given in all schools prior to Washington's birthday. Begin to get ready now. Keller school gave an entertainment on December 17th. The program consisted of folk dances, songs, recitation, and Victrola selections. \$28 was realized and will be used to finish payment upon the Victrola. Mount school had a sale of articles made by pupils in connection with the domestic art and drawing departments on Christmas week. They realized almost \$40 which will be used toward the purchase of a Victrola for this building. The Swastika Club composed of seven girls from the North House and three from Central held a Christmas sale Friday, December 17 at the North House. They cleared twenty-three dollars which was used for the St. Nicholas fund for the war orphans. The next test from the Superintendent's office will be given on the afternoon of Monday, January 24th. The first semester examinations of the high school will be given during the week of January 17th, and closing January 21st. Mr. Barnes, Principal of the High School reports that the High School activities including attendance, punctuality, and attention to studies by pupils has been unusually good during the past four months. Peleating teams have been selected for the annual debates with Zanesville and Mt. Vernon will be held in March. These teams are being coached by Chalmers Parker. The Junior play will be given late in January. Mr. Klopp is also beginning to make plans for the annual High School Minstrel entertainment. Mr. Barnes also reports the athletics of the High school to be in good shape and that a large number of boys and girls are enjoying basket ball under the coaching of Mr. Millis. Superintendent of Schools and the Principal of the High School both appreciate the interest shown by High School teachers in the decorations which were so beautiful throughout the High School building prior to Christmas. The pupils too who provided the material for the decorations and put it in place are to be commended. The High School never looked so pretty as it did this year. (Signed) Wilson Hawkins, Superintendent of Schools.

"Honesty is the best policy," quoted the Wise Guy. "Yes, provided you keep your premiums paid up," added the Simple Mug, who happened to be in the insurance business.

RUMANIA SELLS MUCH WHEAT TO CENTRAL POWERS

(Associated Press Correspondence.) Vienna, Dec. 29.—Rumania has sold to the Central Powers 50,000 car loads of cereals, mostly wheat, Indian corn and navy beans. The sale, unlike some others which preceded it, has been made at a reasonable market price, and no special inducements were offered, nor will it be necessary this time to engage in the wholesale bribing of Rumanian government and railroad officials to set the purchases out of the country. Rumania was obliged to sell to the Central Powers because she cannot sell to anybody else. The closing of the Dardanelles has locked the gate to other markets, and Russia, her only other Entente power with whom Rumania now has physical contact, is not in the market for Rumanian cereals. So long as Serbia was still a fact and a neighbor, Rumania was able to ship some of her

foodstuffs to Saloniki, from where they could be reached by Entente and neutral consumers. Now this route is closed. With the conquest of Serbia the Central Powers have gained a great economic advantage. Rumania must sell to them, if she does not want to have her crops rot on her hands, and what is considered just as important here, must sell on terms more favorable to Germany and Austria-Hungary than she has in the past. But in addition to selling to the Empires, Rumania is also exporting much food to Bulgaria, and even to Turkey in Europe. Though there is a large supply of wheat, barley and other grains in Anatolia and Syria, Constantinople has not been able to reach these easily, owing to limited railroad transport facilities. Rumanian flour being more accessible right now than Anatolian unmilled grain, the city administration of Constantinople has just concluded a contract for a large quantity of flour which Rumania is to supply, the first deliveries being equal to about 2,000 carloads. Much of this has already been rushed south via the new eastern Bulgarian through route. In addition to having no market for Rumanian grain and other foodstuffs, Russia has enough mineral

oil of her own, so Rumania will be obliged to sell this necessity to the Central power group belligerents. Negotiations for more advantageous sale basis are said to be in progress. Rumania's attitude in these matters, too, has a diplomatic background. Her government intends to remain neutral so long as possible, and it is declared she will join the Central Powers in case pressure from Entente quarters obliges her to take action. Well informed circles here explain the situation in this manner. The recent mining of the Rumanian Danube stretches seems to support this view. The mining of these waters would embarrass no other than Russian shipping. Meanwhile the Bucharest press has begun to speak in plain terms of Serbia's fate and the difficulty of Greece's position. There is still a large Austro-Hungarian force on the Rumanian frontier, and papers like the Bucharest Moldavia never weary in pointing out that a hostile move by Rumania towards Austria-Hungary or Bulgaria would make the country a "third Belgium."

SCOTT-GRIGGS CO., IN LIQUIDATION, PAYS 5 PER CENT

Many persons in Newark hold thousands of dollars of preferred stock in the defunct Scott-Griggs company of Cleveland, which has not paid a dividend for nearly eight years. The stock of goods was sold several months ago, and the residue sold to the highest bidder. After liquidating claims against the company a balance was found which made possible the payment to preferred stock holders of a liquidating dividend of 5 per cent of the face value of the stock certificate. Some outstanding accounts may be collected and a further small dividend may be paid, but the prospects are not bright from any further realization upon these certificates. The holders of common stock of course, lost their entire investment. Guzzler—"Have a drink?" Wigwag—"No, thanks. I'm on the water wagon. Don't you ever try it? Guzzler—"Oh, yes—off and on."

RECOMMENDING YOUNG MEN FOR ARMY OFFICERS

(Associated Press Telegram) Washington, Jan. 4.—The number of young men available for service as junior officers in a volunteer army is disclosed in recent war department reports. Already the department has the names of nearly seven thousand men possibly available for this purpose. Of that number 37 have been duly examined and certificates issued to them. Fourteen were former enlisted men in the regular army. Recommendations for certification have been received in regard to 1400 others, students at schools where military training is given and additional applications for appointment have reached a total of five thousand. Death decreased the government's Civil War pension roll nearly 10 per cent during the last fiscal year. A total of 396,379 Union veterans remained on the roll July 1, or 22,255 less than a year ago. Payments to Civil War pensioners during the year totaled \$116,683,771, compared with \$172,417,546 in 1914.

## DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

## EPIDEMIC OF GRIP SEIZES THE COUNTRY

MOST SERIOUS EVER KNOWN TO EXIST AND IS RAPIDLY SPREADING

Disease is Prevalent from New York to San Francisco—Death Rate is Alarming.

(Associated Press Telegram)  
Washington, Jan. 4.—The most serious epidemic of influenza ever known to exist in this country was disclosed in reports before Surgeon General Blue of the public health service today. The reports, which were from public health service officers, show that the disease is spreading at an alarming rate and is causing many deaths. Of the larger cities, influenza is widely prevalent in New York, Chicago, Philadelphia, Boston, San Francisco, Seattle, Cleveland and Detroit—the two latter cities having probably 100,000 cases.  
The federal authorities explain that they are practically helpless to aid in stemming the tide of the epidemic. It must be dealt with by local authorities, who in turn are relying on co-operation from the public. In the hope that publicity will stimulate this co-operation, Surgeon General Blue has called for reports from all parts of the country.

## JEWELRY STORE IS ENTERED BUT NOTHING IS TAKEN

A man in a buggy passing the Harry Mackenzie jewelry store in Hudson avenue about 9 o'clock last night is believed to have frightened away three men intent on burglarizing the place. A clatter of falling glass attracted the attention of the occupant of the buggy and he stopped and turned his horse. He saw three men leaving the entrance to the store.

A report of the matter was made to the police. An investigation revealed that a large section of the glass in the front door had been cut out and the door unlocked. Mr. Mackenzie made a thorough investigation this morning but no stock or money was missing. The cash register containing some money was left open when the store was closed but the coin was undisturbed.  
The police department is conducting an investigation.

Newark's new council last night instructed the city solicitor to withdraw the city's motion for a trial in the suit brought by the federal government to condemn the Sherwood Park site for postoffice purposes, to allow the government to proceed with the advertising of bids for the construction of the building. This action was taken following the presentation of communications from nearly 100 business men, urging that this action be taken. Solicitor Norpell in a statement to council, reviewed the progress of the proposal to construct a federal building here and told of a conference he had in December with Assistant Secretary of the Treasury Newton in Washington. He also read to council a letter from Congressman Ashbrook and Assistant Secretary Newton. These letters suggested such action on the part of council to insure action this summer on the building operations.

W. H. Mazey and D. C. Metz addressed council favoring the action taken. Councilman Seward stated that he had been opposed to any compromise, believing that the city should have received a greater compensation than \$1 for its title in the park site, but that since the state of affairs had been explained he believed that the city's best interests would be subserved if council authorized the solicitor to withdraw his action pending in the federal district court.

Council also started the legislation to cut down the alley running from Fourth to Fifth street and located half way between Main and Church streets. It was the first ordinance introduced and was fathered by Dr. J. G. Shirer, in whose ward the proposed improvement is located.

No mention was made by any member of council of the police muddle which Councilman Knauber exposed a month ago. It had been intimated that this matter would not be allowed to die out but if any action is contemplated, it was delayed.  
Councilman Keyes of the Fourth ward, chairman of the finance committee called a meeting of that committee for Wednesday night and invited all members of council to meet with the committee to consider the city's appropriation ordinance which will be prepared for introduction at the next meeting of council. It is not improbable that a special meeting will be called to pass this ordinance.

Some of the employees of the public service department who are paid weekly will suffer some hardship because of the delay in passing the ordinance. Even the regular city employees who are paid twice monthly will receive their pay three days late because of the delay unless council holds a special session to consider the ordinance.

At 8 o'clock members of council went into caucus this being the first time all members have been together.

In the council chamber were gathered a large number of citizens, interested in the initial meeting of the city's legislative body. Service Director Christian, Safety Director Cecil A. Bigbee, Health Officer Knauss, Engineer Wells, Fire Chief Bausch and other officials were present. Dr. C. F. Legge and O. J. Payne, retiring members, enjoyed the novelty of observing council proceedings from the standpoint of outsiders.

A new seating arrangement was inaugurated, Messrs. Beadle, Stassel and Shirer occupying seats on the east side of the chamber, Messrs. Seward, Alexander and Knauber taking desks directly in front of the clerk and Messrs. Curry, Adams and Keyes taking seats on the west side. The formality of passing the salted peanuts among the councilmen-at-large was carried out in due form by member Knauber and the meeting was called to order.

Roll call and reading of minutes of the last meeting were disposed of promptly.

Councilman Knauber moved the election of Thomas E. Adams president pro tem of council. Councilman Beadle seconded the motion and it was unanimously adopted. President Keller announced that Clerk J. S. Woodward and Sergeant-at-Arms Gilbert, being under civil service need not be re-elected.

Mayor Bigbee reported the following collections for the month of December:

<b>City Cases.</b>

The report was filed.  
Clerk Woodward reported the service of notices for the improvement of the alley from Fourth to Fifth streets between Main and Church. John S. Fisher filed claims for damages sufficient to construct a retaining wall.

A petition from property owners on Gainer avenue asking for sewer and paving was referred to the street committee.

The East Newark business men's organization, by D. C. Metz and 34 others asked the city solicitor to dismiss the city's suit against the federal government, to allow the government to proceed at once with the construction of the building. A. R. Lindorf and 57 other business men sent a similar petition to council.

Owners on South Central avenue protested against the proposed widening of the street between Granville and Columbia streets. It was signed by A. G. Smith and 17 others. It was referred to the street committee.

A communication from employees of the light plant asking pay-

ment for overtime, was referred to the law committee.  
Council was asked by C. H. Wells to appoint a committee to appraise lots in South Williams street to form basis for the assessment for the paving. A similar request was made in regard to the Kibler avenue paving.

The Industrial Commission in a letter, rejected the city's offer of improvement bonds. The sinking fund trustees rejected the same lot of bonds.

Councilman Shirer introduced the first ordinance in the new council. It was for the improvement of the alley from Fourth to Fifth between Main and Church streets. This alley will be cut down considerably.  
Councilman Knauber offered a resolution, instructing the City Solicitor to dismiss the motion for a new trial of the federal suit against the city to condemn the Sherwood Park site for a federal building, providing the government gave assurance that bids would be opened not later than July 1, 1916 and construction started as soon thereafter as possible.

Solicitor Norpell explained that he had received such a proposition from the government. He explained in detail the proceedings leading up to the present time and read the treasury departments communication to Congressman Ashbrook as well as a letter from Mr. Ashbrook himself. W. M. Morgan told members of the council that citizens interested in the immediate construction of the building had proposed to pay the City Library the sum of \$500, providing the city withdrew its motion for a new trial and allowed the court's judgment to be paid.

Rules were suspended, the measure read the second and third times and passed.

Messrs. Knauber, Adams and Alexander were appointed on a special committee to confer with the city solicitor, County Prosecutor and other attorneys interested in the suit regarding the encumbrance ground (Country Club tract). A committee of the last Council had this matter in hand but never had acted upon it.

Councilman Keyes called a meeting of the finance committee for next Monday evening.

## Dangerous Varicose Veins Can Be Reduced.

If you or any relative or friend is worried because of various veins, or bunches, the best advice that anyone in this world can give is to get a prescription that many physicians are now prescribing.  
Ask your druggist for an original two-ounce bottle of Emerald Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. So penetrating and powerful is Emerald Oil that it dissolves rot and wens and causes them to disappear. It can always be secured at Evans' Drug Store.
